Backlog 3 Team48

Zhengyu Sun

1. refactor the interface design of the main navigation bar:

Estimated cost: 2 hours Responsible member: Zhengyu Sun

- Implement the 'my note' function, which can allow users to see his notes in all courses.
- Place this function on the navigation bar instead of on the drop-left menu.

2. remove the unnecessary functions of the interface

Estimated cost: 1 hour Responsible member: Zhengyu Sun

- Remove unnecessary 'Q & A' function in the interface because it seems that this function is not related to the main project.

3. improve the functions of creating and saving new notes online

Estimated cost: 5 hours Responsible member: Zhengyu Sun

- Allow users to select the format of the note to save before saving the note instead of typing it on the filename.
- Allow users to give up the edited note before saving it to the server.
- Allow users to decide whether the edited note is public or not after creating the notes. And only public notes can be seen by all classmates.

4. modify the content of notes upon saving notes locally

Estimated cost: 3 hours Responsible member: Zhengyu Sun

- Allow users to only download the plaintext of the notes without any html formats or tags when the user saved the file locally.

Lyuliang Liu

1. save pdf annotation to server

Estimated cost: 15 hours Responsible member: Lyuliang Liu

- When clicking "save" button on PDF annotation page, instead of saving the file directly to user's local machine, save the annotated PDF file to the server and display it in the course's note list.

2. highlight pdf annotation

Estimated cost: 12 hours Responsible member: Lyuliang Liu

- In the PDF annotation page, add highlight function for user to highlight certain text in a PDF file

3. modify login routing

Estimated cost: 3 hours Responsible member: Lyuliang Liu

- Fixed some current routing mistakes upon login

Ziyi Yan

1. UI Modification

Estimated cost: 8 hours Responsible member: Ziyi Yan

- Put Couse number on Couse picture, website LOGO and Couse icon.

2. Note Filter

Estimated cost: 5 hours Responsible member: Ziyi Yan

- In the course page, support the function that only show the notes uploaded by logged in user
